Rare: cold, red center

Medium Rare: warm, red center

Medium: warm pink center

Medium Well: small amount of pink in the center

Well Done: this is a temperature we cannot achieve without extreme quality loss, therefore we have chosen not to offer well done steaks.

We serve only the very best USDA Prime Steaks. Cooking these steaks well done removes the attributes that make it a great steak. Medium well is the highest temperature we can achieve due to the tremendous marbling in this premium grade of beef.
